

glob/stars.c

```
graph TD; A[glob/stars.c] --> B[string.h]; A --> C[shell.h];
```

A diagram illustrating file dependencies. At the top is a gray rectangular box labeled 'glob/stars.c'. Two blue arrows originate from the bottom of this box. The left arrow points to a white rectangular box labeled 'string.h'. The right arrow points to a white rectangular box labeled 'shell.h'. Both 'string.h' and 'shell.h' boxes have a thin gray border.

string.h

shell.h
